

Chiron SMid Opportunities Fund

November 30, 2017

Objective

The Chiron SMid Opportunities Fund (CSMOX) seeks long-term capital appreciation by pursuing a global investment strategy.

Who is Chiron?

Chiron Investment Management, LLC (Chiron) is a boutique Investment Management firm that combines distinguished investment talent with time tested institutional business leadership and oversight.

What sets us apart?

- ▶ Chiron is 100% Partner and Employee owned.
- ▶ Highly experienced, and seasoned executive management and portfolio management teams with industry average experience per individual exceeding 20 years.
- ▶ We have a time-tested process that combines quantitative and fundamental analysis.

Quantamental Process

At Chiron, we have an investment process that combines rigorous quantitative modeling with deep fundamental research.

Our quantitative work helps guide our fundamental research team in security selection and asset allocation across market cap and capital structures in both growth and value styles.

We have 3 proprietary tools that help us get there:

- ▶ **Domain** – Identifies what markets have been rewarding around the globe – from Deep Value to Full Growth.
- ▶ **Dispersion** – Differentiates relative valuation within regions, countries, and sectors
- ▶ **Dispute** – Our framework identifies securities we want to avoid and helps us construct our proprietary hedge.

CSMOX Fund Highlights

- ▶ **Experienced management team** who collectively have over 70 years of industry experience.
 - ▶ Co-Manager Grant Sarris has 24 years investment experience, primarily managing funds and strategies in small and mid cap.
 - ▶ Co-Manager Brian Cho is considered to be a "pioneer" in Quantitative Factor Modeling, with over 25 years of experience.
- ▶ The Fund employs a transparent, and flexible approach to investing.
- ▶ Portfolio Managers utilize proprietary, in-house quantitative and fundamental research.
- ▶ **The Fund employs Chiron's 'quantamental' investment approach:** Leveraging investment capabilities, Chiron's Investment process, invest team experience, and Chiron's proprietary quant Small/Mid Cap model.
- ▶ Fundamental and quantitative investment team work side-by-side with Grant & Brian in portfolio construction.
- ▶ Within security selection, the team implements our Proprietary Earnings Quality and Dispute Framework, and seeks to generate additional alpha and seeks to avoid the underperforming issues.
- ▶ The Fund strives to be well diversified across industries, regions, and sectors while generating long term capital appreciation.

1. The MSCI ACWI SMid Cap Index captures mid and small cap representation across 23 Developed Markets (DM) and 24 Emerging Markets (EM) countries. 2. The Lipper Category is compiled by Lipper, Inc., an independent mutual fund research and rating service. The Lipper Category represents a universe of funds that are similar in investment objective to the Fund. You cannot invest directly in the category. 3. The Fund's assets include the notional value of derivatives used to maintain long equity exposure.

Investing involves risk, including possible loss of principal. In addition to the normal risks associated with investing, investments in smaller companies typically exhibit higher volatility and lower trading volume; international investments may involve risk or capital loss from unfavorable fluctuation in currency values, differences in generally accepted accounting principles or from social, economic or political instability in other nations. Emerging markets involve heightened risks related to these factors as well as increased volatility and lower trading volume. REIT investments are subject to changes in economic conditions, credit risk and interest rate fluctuations. The Fund may invest in derivatives, which are often more volatile than other investments and may magnify the Fund's gains or losses. There is no assurance that the fund will meet its objective.
