¹ The Fund's assets include the notional value of derivatives and exclude other items.

² The Equity Hedge primarily consists of the notional value of total return swaps used to purchase short exposure to the equity asset class, as a hedge on the long equity position of the Fund.

Top 10 Holdings do not include cash or cash equivalents.

Holdings are subject to change.

To determine if the Fund is an appropriate investment for you, carefully consider the Fund investment objectives, risk, charges and expenses. This and other information can be found in the Fund (full and summary) prospectus which can be obtained by calling 1-877-9-CHIRON or by visiting www.chironfunds.com. Please read the prospectus carefully before investing.

The Chiron Capital Allocation Fund is distributed by SEI Investments Distribution Co. (SIDCO). SIDCO is not affiliated with Chiron Investment Management, LLC.

Risk Factors: Investing involves risk, including possible loss of principal. Bonds and bond funds will decrease in value as interest rates rise. High yield bonds involve greater risks of default or downgrade and are more volatile than investment grade securities, due to the speculative nature of their investments. In addition to the normal risks associated with investing, international investments may involve risk or capital loss from unfavorable fluctuation in currency values, differences in generally accepted accounting principles or from social, economic or political instability in other nations. Emerging markets involve heightened risks related to these factors as well as increased volatility and lower trading volume. REIT investments are subject to changes in economic conditions, credit risk and interest rate fluctuations. The Fund may invest in derivatives, which are often more volatile than other investments and may magnify the Fund's gains or losses.
